

ENVIRONMENTAL PACKAGING LABELING

IN ACCORDANCE WITH D.LGS. 116/2020 and SMI

FROM
WASTE
TO
RESOURCE

Differentiating them we correctly allow the packaging to transform itself from waste into a resource.

With a view to constant improvement, Archiutti SPA promotes the use of easily differentiable and recyclable packaging, encourages the correct recycling of packaging, favors the use of natural and eco-sustainable products.

These pages provide the correct instructions for the disposal, aimed at recycling the packaging, which Archiutti SPA uses to protect the products in the distribution chain. In any case, we invite you to always check the disposal rules in your municipality.
